DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

January 18, 1951

Board of Selectmen,
Harrisville, New Hampshire.

Gentlemen:

Submitted herewith is the report of the annual audit and examination of the accounts of the Town of Harrisville for the fiscal year ended December 31, 1950, which was made by this Division in accordance with the vote of the Town.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Treasurer and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets—Dec. 31, 1949-Dec. 31, 1950:
(Exhibit A)

Comparative Balance Sheets as of December 31, 1949 and December 31, 1950, are presented in Exhibit A. As indicated therein, the Net Debt increased by \$7,009.43 during 1950.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Increases in Net Debt

Net budget deficit	\$8,162 31	
Transfer of tax liens to tax deeds	48 33	
Decrease in tax collector's cash on hand (interest account)	1 78	
	\$8,212 42	

Decreases in Net Debt

Increase in accounts receivable	\$1,202 99
Net Increase	\$7,009 43

Comparative Statements of Appropriations and Expenditures— Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1950, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net overdraft of appropriations of \$7,362.79, plus a net revenue deficit of \$799.52, resulted in a net budget deficit of \$8,162.31.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1950, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance, as of December 31, 1950, is indicated in Exhibit F.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS

Appropriation Overdrafts and Current Deficit:

As indicated by Exhibit C, comparative statement of appropriations and expenditures, appropriation overdrafts amounted to \$9,349.64, and unexpended balances \$1,986.85, resulting in a net overdraft of \$7,349.64. The two appropriation

accounts, in which the large overdrafts occurred were as follows:

Town highway maintenance—summer	\$6,379 85
Fire department—new truck	\$1,621 64

The overdraft in the town highway maintenance account was occasioned by the extensive damage to roads and bridges which resulted from the November storm.

The cost of the fire department truck was \$3,121.64. The appropriation for this purpose, as indicated by Exhibit C, was \$1,500.00, so that the overdraft amounted to \$1,621.64. Subsequent to the close of the fiscal year, December 31, 1950, a long term note of \$1,621.64 was issued by the Selectmen to cover the amount paid in 1950, over and above the amount of the appropriation.

The current deficit of the Town as of December 31, 1950, amounted to \$7,387.37. This represented the difference between the total liabilities, all of which were current, and the total assets, as follows:

Total current liabilities	\$12,921 82
Total assets	5,534 45

Current deficit	\$7,387 37
-----------------	------------

The equipment note of \$1,621.64, which has been issued since December 31, 1950, reduces by a like amount the current deficit which will have to be raised by taxation.

A deficiency appropriation of \$5,765.73 can either be made in its entirety by the 1951 town meeting, or part of this amount can be appropriated and raised in 1951 and the balance in subsequent years.

Dog License Account:

When settlement was made with the School District in 1950 for the 1949 dog license account, a previous balance of \$62.33 for 1948 dog licenses was overlooked. This item is therefore included as a liability in the balance sheet of December 31, 1950. (Exhibit A)

Conclusion:

The accounts and records of all town officials which we examined were found in good condition and the accounting procedure conformed to the uniform standards prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Harrisville for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER,

Director.

1000 ft. of $2\frac{1}{2}$ in double jacket hose for the new fire truck now at station.

1 Dodge truck with 600 gal. P. M. two stage centrifugal pump with all standard equipment, such as booster tank, hose body, hose reel, ladders, flasher siren, suction hose, pike pole, axes, crow bar, etc.

The $2\frac{1}{2}$ in. hose is now at the fire station and the fire truck is to be delivered at a later date.

I have filled 95 fire extinguishers in Harrisville and Chesham in the year of 1950, 72 of these belong to the town of Harrisville, and 23 of these belong to private owners. I have found 2 of these frozen up and one lost.

At this time I also wish to mention, in regard to water hole that the fire ward was to put in this year, that due to the high expense of Rotary pump, tires etc. there was not enough money left in the fire budget to put in this hole, so I recommend that the town vote at town meeting to have two water holes put in for the year of 1951, the amount of money needed to put in these holes will be about \$20.00 for each hole.

Respectfully submitted,
LEONDER J. ST. PETER,
Chief of Fire Dept.

REPORT OF FOREST FIRE'S FOR THE YEAR OF 1950

Fire dept. was called out of town (2) times to help put out forest fires.

The Town of Harrisville had (1) forest fire, this fire was due to some careless hunter or hunters coon hunting.

At this time I and the fire dept. want to thank very much Mr. Robert Walker and family for keeping this fire under control and also helping after the fire dept. got there, for this fire could have been a costly one.

I would also like to mention at this time that anyone wishing to burn rubbish etc. be sure and get a fire permit from the

Fire Warden, and if not sure if container that is being used to burn in will pass the N. H. law, to check with the warden, and at any time that a person does get a permit, this permit does not mean that it gives anyone the right to burn on some one else's land, unless the person who has the permit gets written permission from the land owner.

Number of fires (1) forest.

Acreage burned 3600 sq. ft.

Number of fire permits 140.

Covered 48 miles in town of Harrisville.

Putting out Fire Prevention Posters.

5 chimney fires.

1 oil stove

2 house fires (1) one completely lost (1) one partially lost.

Total 9 fires.

LIBRARIAN'S REPORT

During the year 1950, there were 57 new adult books added to the library and also 44 new juvenile books, beside Red Book, Life, Good Housekeeping, Cosmopolitan, Topics, Newsweek, Ladies Home Journal, McCalls, Coronet, Saturday Evening Post, American Home and other magazines which are always available to the public. It is interesting to notice that the juvenile fiction readers are increasing, while the adult fiction readers are steadily decreasing. The new and readable non-fiction for adults has taken over first place among our readers and we let out 4 non-fiction to 1 fiction book. The circulation for 1950 is as follows: Adult non-fiction 896, Adult fiction 209 and Juvenile 836. This is an overall gain of 29 books, in spite of the drop in adult fiction.

All of our juvenile and most of our new adult books were purchased, but we want to thank the following people for contributions of books during the year: Mrs. John J. Colony Jr., Mrs. Laurence McClure, Mr. Harold Pope and the Dublin Library.

Our library is open every Wednesday afternoon from 2:30 to 4:30 p. m. and everyone is invited to come in and enjoy the privilege of taking out our books. We welcome suggestions that will make our library a better library and of more benefit to the community.

Signed,

HELEN B. THAYER,

Librarian.

STATE OF NEW HAMPSHIRE

SCHOOL WARRANT

To the Inhabitants of the School district in the town of Harrisville qualified to vote in district affairs:

You are hereby notified to meet at the Eagle Hall in said district on the 13th day of March 1951, at 2 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salary of school district officials and agents, and for the payment of statutory obligations of the district and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund, together with other income, the school board to certify to the selectmen the balance between the estimated income and the appropriation, which balance is to be raised by taxes by the town. .

9. To authorize the school board to accept and spend the sum of three hundred dollars (\$300) from Mr. Wellington Wells toward the costs of moving the old Chesham School-house.

10. To authorize the school board to spend the sum of seven hundred fifty dollars (\$750) or part of that sum, to meet a deficit caused by instructional costs of tuition pupils and for drainage and grading work. Said sum being extra tuition payments received from Nelson and deposited to the school district's credit.

11. To see what action the district will take with regard to the old Harrisville School house.

12 To see if the district will vote to raise and appropriate the sum of \$300 to continue the cooperative high school study and meet necessary expenses thereof.

13. To consider any other business which may legally come before this meeting.

Given under our hands at said Harrisville this 6th day of Feb., 1951.

REPORT OF SUPERINTENDENT OF SCHOOLS

A year ago the children of Harrisville met for the last time in the old school houses, collected their books and equipment and moved into one of the most modern school buildings in New Hampshire. The pupils left not only the old school-houses behind them; but to an amazing degree they also left old habits and old manners. Gone is the habit of carving initials in desk tops, scribbling on walls, playing hookey and rough treatment of school property in general. Instead there is personal pride in the entire building and its contents. After a full year of use, there is not a single deliberate mark on walls or furniture and discipline 'problems' are unknown! The people of Harrisville have invested not only in a new school building but also in a new educational environment which has already produced astonishing results. A year ago, the report of the Superintendent predicted an 'education sunrise' for Harrisville. The sunrise has come and gone; it is now the new day of education in the community.

There is still work to be done. The school grounds must be graded and seeded; the playground equipment installed and the walks and driveway improved. The building must be kept in excellent condition at all times. Increased attention must be given to the program of studies. Special emphasis is being placed on an eighth year penmanship program and this will continue. More attention to drill work in spelling and arithmetic will be featured and constant work devoted to solving the problem of reading difficulties.

School staff, principal, superintendent, school board and citizens must join forces to maintain what we have and to strive to improve where improvement is necessary.

CHARLES L. BOWLBY.

REPORT OF THE MUSIC SUPERVISOR

I herein submit my report concerning the elementary music program in the schools.

The chief aim of the music program is to develop love and appreciation of good music and the desire to participate in group work, both vocal and instrumental. A comprehensive course is offered, starting with the first grade and carrying through the 8th grade which deals with all fundamentals as well as with expression in ensemble work, tone production and rhythmic forms.

There is no lack of enthusiasm on the part of the pupil groups and this enthusiasm should carry through to community activities in the later life of the pupil.

Respectfully submitted,
 AZALEA G. WILSON,
 Elementary music supervisor.

REPORT OF THE PRINCIPAL

January 1951

To the Citizens of Harrisville:

It is rather difficult to report on the achievements of a school that has been in operation less than one year. At best, this is a year of transition and experimentation. However, as in the past, the faculty of the Wells Memorial School shall continue to work for the benefit of the whole community as well as for the pupils.

While our new building is, of course, for the education of children, facilities have been provided to meet many of the needs of the entire community. The school auditorium illustrates this dual use of school facilities. It is planned to give children the opportunity and challenge of large group experience in dramatics, music, and debates; it also offers the chance to present lectures, motion pictures, film strips, and demonstrations to large assemblies of children. It thus becomes a matter of instructional economy. At the same time the availability of the small neighborhood auditorium for parent-teacher groups, improvement associations, forums, church groups and the like, permits a contribution of real civic importance to our town.

Of course, classrooms constitute the heart of the school. They are laboratories for learning. The program in all the grades is based on an understanding of how children learn; of how they grow and develop mentally, physically, socially, and emotionally; of the accepted purposes of education; and of the needs and interests of pupils. Education seeks not only the acquisition of useful facts and the development of skills; it goes further than that. Our program is attempting to develop each individual pupil to the maximum of his capabilities. To do this,

we try to provide the kind of environment, leadership, materials, and experiences which will help children develop sound bodies, acquire and use skills and knowledge to solve problems, and cherish and practice the ideals of American life.

When the purposes of the elementary school were limited to the development of the fundamentals of reading, writing, and arithmetic, there was perhaps little that the home could do to contribute to the learning process beyond providing time for practice. The school of today is properly concerned with additional purposes: the child's attitudes, his behavior, and his physical growth. All these purposes cannot be achieved within the confines of the schoolhouse nor of the school day. This means, therefore, that parents and teachers must work together harmoniously and understandingly if the child is to derive maximum benefit from his schooling.

It has been very gratifying in the few months that I have been here, that so many parents have taken the time to visit school. Equally gratifying is the contribution of those generous citizens of Harrisville who have no formal ties with the school. In the latter group, I should like to publicly thank Mrs. Elizabeth Bemis for her gift of the School Flag, Mr. and Mrs. Ewen C. MacVeagh for their beautiful gift of a scale model of the **Mayflower**, and Mr. Lawrence W. Rathburn for his gift of two sets of exceptionally useful encyclopedias. With such interest and co-operation on the part of the citizens of Harrisville, I am sure we shall be able to provide the very best education possible for the children of our town.

Sincerely yours,

KENNETH P. BLAKE, JR.,

Principal,

Wells Memorial School.

REPORT OF THE SCHOOL NURSE

October 1950

Number of children examined	68
Defective vision	13
Defective vision corrected	2

Defective hearing	3
Defective hearing, reported to parents	3
Pupils weighed and measured	68
Underweight pupils	10

All pupils in the school have been given eye and hearing tests. The new audiometer, purchased by the union, was used for the hearing tests and affords a scientific method for this work.

Later in the year, physical examinations will be given all children.

The nurse visits the school one day each week to check on health conditions.
